Free time with my shadow partner

Evenings with shadow partner

She wasn't capricious. After whole day of working, when I asked her if she want to stay at home or to go somewhere, she always wanted to see new places and she was interested about what I want to sho her

Free time

Met with new friends

I liked the dance classes the most, The workshop about Auschwitz Camp and many of our trips to visit Rybnik

The time spent talking and learning new stuff form my shadow-partner.

the presentation about democracy in ancient Greece

I think that the best part of this exchange was the time when we could just talk and get to know the participants of this exchange (for example during free time or the first workshop when we were asking random questions each others)

Meeting with guests after classes

**What could be improved and how?**

More free time (3)

It would be better if students will have more time to spend with each other the way they really want. We had to do so many things that we were tired every evening and had no energy to do anything else

shorter workshops

Nie mam zdania, ponieważ wydaje mi się, że było ok.

Less presentation more workshops together to get to know better. Workshops when we have a topic and we can speak

nothing

Pretty much nothing. I think the exchange was well-organised and overall great.
